Bem-vindos, Requerentes de Visto de Imigrante dos EUA

Encontra-se no Site de Apoio Oficial para Informação e Pedido de Visto de Imigrante (permanente) da Embaixada dos Estados Unidos em França.

Important Information Regarding Applicants Outside of France and NIE Validity

1. Applicants outside of France should make an appointment with the Embassy where they are currently located

The U.S. Embassy in Paris continues to follow procedures that prioritize the health and safety of our applicants and our employees. As a part of these efforts, any applicants who have traveled outside of France in the prior 10 days will not be admitted for their appointment and will be asked to reschedule for a future date. Additionally, and as a reminder, the U.S. Embassy in Paris only accepts applications from persons who are physically in France and Monaco. **Applicants outside of France should make an appointment with the Embassy where they are currently located.**

2. NIE validity

We understand there has been some confusion regarding the National Interest Exceptions issued at the time of interview. Please note that we cannot issue a J-1 visa without also issuing a National Interest Exception simultaneously. Unless an applicant is specifically told otherwise by the interviewing consular officer, all National Interest Exceptions are valid 30 days before the start date of the program listed on the applicant's DS-2019. Applicants should not travel more than 30 days before the start date of their program. They should not travel after the start date listed on the DS-2019. The last day of their National Interest Exception is the start date listed on the DS-2019, so they may travel on the actual start date.
