Welcome, U.S. Immigrant Visa Applicants

You are at the Official Immigrant (permanent) Visa support website for the U.S. Embassy in Italy.

Security procedures at the Embassy/Consulate

Applicants booking an appointment will be placed on an access list to be allowed entry into the Consular Section, not before the appointment time. All applicants must go through security screening before entering the consular building and no access will be granted to accompanying parties, including interpreters. Applicants should not bring large bags, backpacks, suitcases, baby carriages or any other large or bulky objects, as these items will not be allowed into the Consular Section, and there is no storage space at the Consulates General. Large personal electronic devices, such as laptop computers, are not allowed into the Consular Section nor permitted to be checked and stored with security. We strongly discourage bringing any other electronic devices, to include tablets/iPads, MP3 players, mobile phones, smart watches, etc. as these must be left with security and retrieved upon exit. This can create a delay for you. The U.S. Embassy and Consulates General are not responsible for any article you leave with the security checkpoint.
